27 Fort Wayne will also provide services of a capital
28 improvement nature, including street construction, street
29 lighting, and stormwater drainage facilities to the
30 annexed territory within three (3) years of the effective
date of annexation, in the same manner as such services
are provided to areas already in the City of Fort Wayne

1 with similar topography, patterns of land utilization and
2 population density, and in a manner consistent with
3 federal, state and local laws, procedures and planning
4 criteria.

5 SECTION 3. That governmental and proprietary
6 services will be provided to the above described
7 territory in a manner consistent with the written Fiscal
8 Plan for the territory developed by the Division of
9 Community and Economic Development. Said Plan was
10 examined by the Common Council of the City of Fort Wayne
11 and is approved and adopted by the Common Council by and
12 upon the passage of this Ordinance. Two copies of said
13 plan are on file in the office of the Clerk of the City
14 of Fort Wayne and are available for inspection as
15 required by law.

16 SECTION 4. That said described territory shall be
17 temporarily assigned to Councilmanic Political Ward No. 4
18 of the City of Fort Wayne, Indiana, as described in
19 Division I, Section 2-9 of Chapter 2 of the Municipal
20 Code of the City of Fort Wayne, Indiana of 1974, as
21 amended. This assignment is subject to redistricting
22 pursuant to I. C. 36-4-6-3 (g).

SECTION 2. That the City of Fort Wayne will furnish the above described territory within a period of one (1) year from the effective date of annexation, planned services of a non-capital nature, including police protection, fire protection, and street and road maintenance, in a manner which is equivalent in standard and scope to those non-capital services provided to areas within the City of Fort Wayne which have similar topography, patterns of land utilization and population density to the said described territory. The City of Fort Wayne will also provide services of a capital improvement nature, including street construction, street lighting, and stormwater drainage facilities to the annexed territory within three (3) years of the effective date of annexation, in the same manner as such services are provided to areas already in the City of Fort Wayne with similar topography, patterns of land utilization and population density, and in a manner consistent with federal, state and local laws, procedures and planning criteria.

SECTION 3. That governmental and proprietary services will be provided to the above described territory in a manner consistent with the written Fiscal Plan

for the territory developed by the Division of Community and Economic Development. Said Plan was examined by the Common Council of the City of Fort Wayne and is approved and adopted by the Common Council by and upon the passage of this Ordinance. Two copies of said plan are on file in the office of the Clerk of the City of Fort Wayne and are available for inspection as required by law.

SECTION 4. That said described territory shall be temporarily assigned to Councilmanic Political Ward No. 4 of the City of Fort Wayne, Indiana, as described in Division I, Section 2-9 of Chapter 2 of the Municipal Code of the City of Fort Wayne, Indiana of 1974, as amended. This assignment is subject to redistricting pursuant to I. C. 36-4-6-3 (e).

SECTION 5. That, after adoption and any and all necessary approval by the Mayor, this Ordinance shall be published as provided for in I.C. 36-4-3-7. The above mentioned territory shall become part of the City of Fort Wayne on January 1, 2006.

Award-winning form.
General Manager **Dan Duquette** said signing **Saberhagen**, who has twice been named the league's top pitcher, did not indicate that the team has given up on re-signing three-time Cy Young Award-winner **Roger Clemens**.
"We're going to do everything we can to get Roger back to Boston," Duquette said. "He's been the top pitcher for the Red Sox. If he goes to some other club, he's not going to be the top pitcher (there)."
Duquette said he expects movement in negotiations with Clemens, 34, who filed for free agency after spending his 13-year career with the Red Sox.

Games this week: Saturday in Ivanhoe Classic at Taylor (Upland).
Noteworthy: The Thunder won two last-second nail-biters, over IPFW and Huntington. The 66-65 win over IPFW avenged a five-point loss. Matt Schlegelmilch, averaging 19 points, has hit 35 of 71 three-pointers, which should place him high in National Association of Intercollegiate Athletics Division II statistics. Take away a 2-for-10 game at IPFW, and Schlegelmilch is shooting .541 from beyond the arc. Jared Boll is averaging 16.4 points and 7.9 rebounds. Tri-State is depending heavily on those two. "You have to go to your strengths," Coach Dick Hack said.

WOMEN (7-1)
Games this week: 7 tonight at Indiana Tech; 7 p.m. Thursday vs. Indiana Wesleyan; 2 p.m. Saturday at IPFW.
Noteworthy: The highly-ranked Lady Thunder took its first loss by two to Taylor, which was also in the NAIA rankings. Tri-State had beaten Taylor, when it was missing two key players still playing volleyball. This time they were back

cco laws jeopardize races

Specials of both Formula One and Indy-racing say their events in Canada be threatened should proposed tough laws on tobacco promotion be passed by federal government. Normand Legault, president of the annual Canadian Grand Prix, said a public hearing in Ottawa that Formula One's world governing body may pull the event from its 17-race schedule. Craig, president and chief executive of the Indy-car circuit which has annual races in Toronto and Vancouver, said his organization "would not be prepared to competing in Canada" if the anti-tobacco legislation passes in its current form. The backers hope to have it passed by Friday when the House of Commons is scheduled to recess for Christmas, although that now appears unlikely.

school heads prep poll

Albany, the state tourney runner-up in Indianapolis Ben Davis last spring, re-emerged as the No. 1 team in the Associated Press boys basketball poll on Monday. Ben Davis lost to Indianapolis Pike. Saturday and dropped to seventh in the AP rankings. South, fourth last week, moved to second. Also up two spots apiece were Laute South to third, Kokomo to fourth, Jeffersonville to fifth, and Indianapolis Central to sixth. DeKalb's ranked eighth and South Side's at No. 17. Once again, the state champion Center Grove was unanimous choice for No. 1 in the girls' poll, which was second.

as remains on top

Wisconsin, which beat two ranked teams last week, held the No. 1 spot in the men's college basketball poll, while three schools—North Carolina Tech, Louisville and Alabama—were in the Top 25 for the first time this season. The Jayhawks (7-0), who took over the No. 1 spot last week and then beat Cincinnati and UCLA, were again the runaway choice of the national media panel, getting 63 first-place votes and 1,694 points. Wake Forest (6-0) held No. 2 and received the other five No. 1 votes and 1,626 points, 107 more than Kentucky (5-1), which made the jump from sixth to third after impressive wins over Purdue and Indiana.

Heisman invitations go out

Florida quarterback Danny Wuerffel and Iowa State running back Troy Davis were among four players invited to the Heisman Trophy presentation on Saturday night. Also invited to the Downtown Athletic Club, which awards the Heisman to college football's most outstanding player, were Arizona State quarterback Jake Plummer and Ohio State's offensive tackle Orlando Pace. Heisman spokesman said no other players were invited Monday, but at least one more invitation was expected to go out Tuesday.

Heisman invitations go out

Florida quarterback Danny Wuerffel and Iowa State running back Troy Davis were among four players invited to the Heisman Trophy presentation on Saturday night. Also invited to the Downtown Athletic Club, which awards the Heisman to college foot- ball's most outstanding player, were Arizona State quarterback Jake Plummer and Ohio State's offensive tackle Orlando Pace. Heisman spokesman said no other players were invited Monday, but at least one more invitation was expected to go out Tuesday.

Pitt courting Cavanaugh

Matt Cavanaugh, the only identified candi- date for the Pittsburgh football coaching job, met again with athletic director Steve Pederson and may be hired as early as today. Cavanaugh, the San Francisco 49ers' quarter- backs coach and a former Pitt player and as- sistant, first met with Pederson on Dec. 2 and the two continued to talk during the week.

Said territory is outlined in the map attached hereto as Exhibit A.

SECTION 2. That the City of Fort Wayne will furnish the above described territory within a period of one (1) year from the effective date of annexation, planned services of a non-capital nature, including police protection, fire protection, and street and road maintenance, in a manner which is equivalent in standard and scope to those non-capital services provided to areas within the City of Fort Wayne which have similar topography, patterns of land utilization and population density to the said described territory. The City of Fort Wayne will also provide services of a capital improvement nature, including street construction, street lighting, and stormwater drainage facilities to the annexed territory within three (3) years of the effective date of annexation, in the same manner as such services are provided to areas already in the City of Fort Wayne with similar topography, patterns of land utilization and population density, and in a manner consistent with federal, state and local laws, procedures and planning criteria.

SECTION 3. That governmental and proprietary services will be provided to the above described territory in a manner consistent with the written Fiscal Plan

for the territory developed by the Division of Community and Economic Development. Said Plan was examined by the Common Council of the City of Fort Wayne and is approved and adopted by the Common Council by and upon the passage of this Ordinance. Two copies of said plan are on file in the office of the Clerk of the City of Fort Wayne and are available for inspection as required by law.

SECTION 4. That said described territory shall be temporarily assigned to Councilmanic Political Ward No. 4 of the City of Fort Wayne, Indiana, as described in Division I, Section 2-9 of Chapter 2 of the Municipal Code of the City of Fort Wayne, Indiana of 1974, as amended. This assignment is subject to re-districting pursuant to I.C. 36-4-6-3 (e).

SECTION 5. That, after adoption and any and all necessary approval by the Mayor, this Ordinance shall be published as provided for in I.C. 36-4-3-7. The above mentioned territory shall become part of the City of Fort Wayne on January 1, 2006.

General Manager Dan

Duquette said signing

Saberhagen, who has twice been named the league's top pitcher, did not indicate that the team has given up on re-signing three-time Cy Young Award-winner Roger Clemens.

"We're going to do everything we can to get Roger back to Boston," Duquette said. "He's been the top pitcher for the Red Sox. If he goes to some other club, he's not going to be the top pitcher (there)."

Duquette said he expects movement in negotiations with Clemens, 34, who filed for free agency after spending his 13-year career with the Red Sox.

...Daisies great

Games this week: Saturday in Ivanhoe Classic at Taylor (Upland).

Noteworthy: The Thunder won two last-second nail-biters, over IPFW and Huntington. The 66-65 win over IPFW avenged a five-point loss. Matt Schlegelmilch, averaging 19 points, has hit 35 of 71 three-pointers, which should place him high in National Association of Intercollegiate Athletics Division II statistics. Take away a 2-for-10 game at IPFW, and Schlegelmilch is shooting .541 from beyond the arc. Jared Boll is averaging 16.4 points and 7.9 rebounds. Tri-State is depending heavily on those two. "You have to go to your strengths," Coach Dick Hack said.

WOMEN (7-1)
Games this week: 7 tonight at Indiana Tech; 7 p.m. Thursday vs. Indiana Wesleyan; 2 p.m. Saturday at IPFW.

Noteworthy: The highly-ranked Lady Thunder took its first loss by two to Taylor, which was also in the NAIA rankings. Tri-State had beaten Taylor, when it was missing two key players still playing volleyball. This time they were back.

SUMMONS

TO THE RESPONDENT/DEFENDANT:

Sandra Kennedy
Clerk, City of Fort Wayne
City County Building
1 Main Street
Fort Wayne, IN 46802

You have been sued by the person(s) named petitioner(s)/plaintiff(s) in the above-entitled Court in Allen County, Indiana. The claim made against you is attached with this summons.

The manner of delivering notice and the time within which to answer this claim are designated by an "X" below:

 certified mail: you or your attorney must file a written answer to the claim within twenty-three (23) days, commencing the day after you receive the summons, or judgment may be entered against you as claimed.

 X personal service: you or your attorney must file a written answer to the claim within twenty (20) days, commencing the day after you receive the summons, or judgment may be entered against you as claimed.

An answer is considered filed when it is received in the office of the Clerk of the Allen Circuit and Superior Courts, Room 308, Allen County Courthouse, Fort Wayne, Indiana, 46802. The method you choose to deliver the answer to the Clerk is up to you; however, you should be able to prove that you filed your answer. If you have a claim against the petitioner(s)/plaintiff(s) arising from the same transaction or occurrence, you must assert it in your written answer.

The date and time of any hearing requiring your attendance is shown on a Notice of Hearing attached as a separate document. Examine all pages carefully. Failure to appear may result in judgment against you as claimed. Unless documents indicate otherwise, all hearings will be held in the designated court at the Allen County Courthouse, Fort Wayne, Indiana.

REMONSTRANCE, APPEAL & COMPLAINT

The undersigned being the owners or the authorized officers or agents of owners, of real estate in the territory sought to be annexed by the above-referenced ordinance hereby remonstrate against and appeal from the annexation described by City of Fort Wayne Ordinance X-03-96 and would show the Court as follows:

1. A copy of Ordinance X-03-96, certified to by the Fort Wayne City Clerk is attached hereto and marked as Exhibit "A".

2. The Remonstrators believe that notice of Ordinance X-03-96 may be claimed to have been published in the Fort Wayne Journal Gazette and the Fort Wayne News Sentinel on December 10, 1996.

3. The remonstrance petitions containing the signatures of the owners, or agents of the owners, of real estate within the territory apparently sought to be annexed are ratified and made a part of this Remonstrance, Appeal and Complaint whether those petitions are physically attached hereto or are otherwise filed with the Court.

4. The Remonstrators believe they represent a majority of the owners of real estate in the area sought to be annexed or

ownership of more than seventy-five percent (75%) of the assessed valuation of the real estate in the area sought to be annexed, or both.

5. The Ordinance, as certified to by the City Clerk and as delivered by the City for publication, makes reference to an "Exhibit A" when, in fact, no "Exhibit A" is attached.

6. Adoption of Ordinance X-03-96 with reference to Exhibit A while that exhibit had been removed from the ordinance for publication and distribution to the public is confusing, arbitrary and capricious.

7. Indiana Code § 36-4-3-2.11 provides that a city may adopt an annexation ordinance "...only after the legislative body has held a public hearing concerning the proposed annexation. All interested parties must have the opportunity to testify as to the proposed annexation."

8. The "Public Hearing" on Ordinance X-03-96 failed to comport with the requirements of the governing statute.

9. The "Public Hearing" on Ordinance X-03-96 failed to comport with the minimal due process requirements of the Fifth and Fourteenth Amendments to the Constitution of the United States of America and of Article 1, § 12 of the Constitution of the State of Indiana.

10. The Remonstrators submitted a written request to inspect specified public documents, pursuant to I.C. § 5-14-3-1 et seq., so that they could personally prepare testimony for the public hearing on Ordinance X-03-96.

11. Had the City of Fort Wayne timely complied with the provisions of I.C. § 5-14-3-1 et seq., the Remonstrators would have been able to examine the specified documents prior to the public hearing and to testify based upon those documents.

12. The City of Fort Wayne refused to comply with the time provisions of I.C. § 5-14-3-1.

13. The City of Fort Wayne's refusal to comply with the requirements of the Indiana Access to Public Records Law was knowing, vexatious, arbitrary and capricious.

14. The City of Fort Wayne's refusal to comply with the requirements of the Indiana Access to Public Records Law renders Ordinance X-03-96 void ab initio.

15. The City of Fort Wayne's interest in the territory sought to be annexed is not to provide or improve any needed municipal service, but merely to levy taxes.

16. Attached hereto, made a part hereof, and marked as Exhibit "B" is a copy of the "Annexation Information" circular published by the City of Fort Wayne Mayor and Planning Department.

17. As recited in Exhibit "B", the City of Fort Wayne passed Ordinance X-03-96 "...in order to avoid efforts by members of the Legislature to pass new laws limiting annexation." and "...in order to prevent any future incorporations" of municipalities in Aboite Township.

18. By passage of Ordinance X-03-96, the City of Fort Wayne seeks to usurp powers reserved to the State Legislature by Article 4 of the Constitution of the State of Indiana.

19. By passage of Ordinance X-03-96, the City of Fort Wayne seeks to deny to remonstrators the rights secured by State Statute in violation of Article 1 § 12 of the Constitution of the State of Indiana.

20. The legal description of the territory sought to be annexed is insufficient and is not legally adequate.

21. The resident population density of the territory sought to be annexed is less than three (3) persons per acre.

22. Less than sixty percent (60%) of the territory is subdivided.

23. The territory is not zoned for commercial, business or industrial uses.

24. Less than one-fourth (1/4) of the external boundaries of the territory sought to be annexed coincides with existing boundaries of the City of Fort Wayne.

25. The territory sought to be annexed is not needed and cannot be used by the City of Fort Wayne for its development in the reasonably near future.

26. The cost estimates of "planned services" described in the Fiscal Plan are indefinite and wholly fanciful.

27. The method of financing any planned services is indefinite and wholly fanciful.

28. The plan for organization and extension of services is indefinite and wholly fanciful.

29. The City of Fort Wayne has no definite plan to provide those services of a non-capital nature, normally provided within the corporate boundaries, within one (1) year after the effective

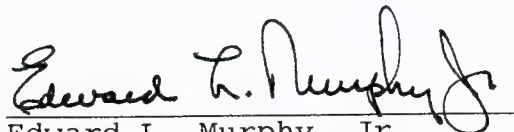

date of the annexation, in the same manner as those services are provided to areas within the corporate boundaries that have similar topography, patterns of land use and population density.

30. The City of Fort Wayne has no definite plan to provide those services of a capital improvement nature, normally provided within the corporate boundaries, within three (3) years after the effective date of the annexation in the same manner as those services are provided to areas within the corporate boundaries that have similar topography, patterns of land use and population density.

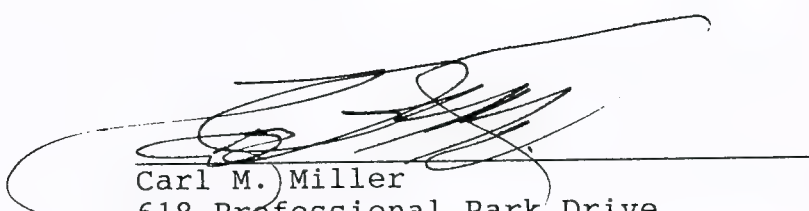

31. Ordinance X-03-96 creates a municipal legislative district which violates the provisions of I.C. § 36-4-6-3 and the one man-one vote provisions of the Fourteenth Amendment to the United States Constitution and Article 2 § 1 of the Constitution of the State of Indiana.

WHEREFORE, your Remonstrators pray that City of Fort Wayne Ordinance X-03-96 be declared void, for attorney fees, for their costs, and for all other just and proper relief.

Respectfully submitted,

17 SECTION 2. That the City of Fort Wayne will furnish
18 the above described territory within a period of one (1)
19 year from the effective date of annexation, planned
20 services of a non-capital nature, including police
21 protection, fire protection, and street and road
22 maintenance, in a manner which is equivalent in standard
23 and scope to those non-capital services provided to areas
24 within the City of Fort Wayne which have similar
25 topography, patterns of land utilization and population
26 density to the said described territory. The City of
27 Fort Wayne will also provide services of a capital
28 improvement nature, including street construction, street
29 lighting, and stormwater drainage facilities to the
30 annexed territory within three (3) years of the effective
date of annexation, in the same manner as such services
are provided to areas already in the City of Fort Wayne

1 with similar topography, patterns of land utilization and
2 population density, and in a manner consistent with
3 federal, state and local laws, procedures and planning
4 criteria.

5 SECTION 3. That governmental and proprietary
6 services will be provided to the above described
7 territory in a manner consistent with the written Fiscal
8 Plan for the territory developed by the Division of
9 Community and Economic Development. Said Plan was

Information About the Southwest and Southwest Extended Annexations

WHY THE CITY NEEDS TO ANNEX

The City of Fort Wayne annexes for three reasons:

- ◆ So residents share the costs of building a strong community. The City of Fort Wayne annexes in order to spread the burden of paying for services to the entire community. This helps the region remain strong so it can effectively control crime, attract business and fight urban blight. David Broder wrote in a recent *Washington Post* column: "...while suburbs may profit in the short term by stealing people and jobs from the center city, over the decades the prosperity of the metropolitan area depends directly on the economic health of its core." Everyone benefits from a healthy city and they lose if a city is neglected.
- ◆ To make service delivery more efficient. There are currently many overlapping City and County services. For example, there are two planning departments, two economic development departments and two communications departments. Recently, residents living in an unincorporated area complained that City firefighters did not respond to a fire even though they were the closest to the scene. Because the City and township departments are on different radio systems, the City never even knew the fire was taking place. Through annexation, densely populated areas are all provided with the same services and decisions to respond to emergencies can be based on safety, not boundary lines.
- ◆ To provide residents with urban services. Densely populated areas need a more urban level of services, such as full-time fire protection, than do rural areas. Annexation provides areas that have grown quickly with those services.

BACKGROUND OF DECISION TO ANNEX SOUTHWEST

In April of 1995 an agreement was made between Mayor Paul Helmke and State Representative Robert Alderman. In this agreement, the City agreed not to proceed with any formal annexation of Aboite Township west of I-69 until January 1, 1997. The agreement was to be void if Representative Alderman could not stop anti-annexation laws within the Indiana State Legislature or if any attempt to incorporate was initiated in Aboite Township. The petition from some Aboite Township residents to incorporate an area known as West Hamilton voided the agreement.

On November 12, 1996, the Helmke Administration introduced two alternate annexation ordinances that would incorporate portions of southwest Allen County in the urbanized areas of Wayne and Aboite Townships into the City of Fort Wayne. The City of Fort Wayne is acting now in order to avoid efforts by members of the State Legislature to pass new laws limiting annexation. The City also wants to act as quickly as possible in order to prevent any future incorporations.

Annexation Information

TWO OPTIONS FOR ANNEXATION

The incorporation of the area known as West Hamilton would seriously weaken the community. In order to encourage the denial of the incorporation petition prior to the start of the next Legislative session, the City is introducing two alternate ordinances. One ordinance would take effect February 28, 1997 and require newly annexed residents to pay taxes in 1998. The other ordinance would take in a broader area, but would delay annexation until January 1, 2006 and delay tax payment until May 2007.

Option 1 (Southwest Annexation): The City would annex a large portion of urbanized Aboite Township (excluding the proposed town of West Hamilton) and a portion of urbanized Wayne Township. The effective date would be **February 28, 1997**. The Administration will ask that this option be adopted by City Council if the County Commissioners do not turn down the request for the incorporation of West Hamilton prior to the vote by City Council.

If no sufficient remonstrance is filed, the first City taxes would be due in May 1998. If the annexation was delayed because of court action, the effective date would be the first February 28 after a City victory in court and City taxes would be due the following year.

With Option 1, non-capital services, such as police and fire protection, would be provided one year after the effective date of annexation, in accordance with Indiana law. Capital items, such as street light installation, would be provided within three years of the effective date of annexation, in accordance with state law.

Option 2 (Southwest Extended Annexation): The City would annex a large sector of urbanized Aboite Township, including a portion of the proposed town of West Hamilton, and a portion of urbanized Wayne Township. The effective date would be **January 1, 2006**. The Administration will ask that this option be adopted by City Council if the County Commissioners turn down the request for the incorporation of West Hamilton prior to a vote by the City Council.

With Option 2, the first installment of City taxes would be due in May 2007. All non-capital services, such as police and fire protection, street maintenance and garbage collection, would be provided immediately upon the effective date of annexation. Services of a capital nature, such as street light installation, would occur within three years after the effective date.

QUESTIONS AND ANSWERS ABOUT ANNEXATION

Q: Will annexation affect what school system my children attend?

A: No. Annexation has no effect on school district boundaries. Your children will attend the same schools and you will pay taxes to the same school district regardless of where City boundaries are located.

Q: Will I still have to pay County taxes, even if I will not be utilizing all the services offered by the County?

A: Yes. All City property owners pay the same rate of County taxes as do property owners living outside the City.

Q: Will the City take care of the park within my subdivision?

A: No. Parks within subdivisions are privately owned. The City does not take responsibility for maintenance of privately owned land.

Q: Will I still have to pay taxes toward the Aboite Township Park system?

A: Yes. Aboite Township parks will remain in the jurisdiction of Aboite Township. Aboite Township taxpayers will continue to take responsibility for maintenance of their parks.

Q: When can I vote in City elections?

A: You will be eligible to vote in the first City election after the effective date of annexation.

Q: I have often heard that my property taxes will double or triple after annexation. Is this true? If it isn't, how much will my taxes really increase?

A: No. Your property taxes will not double or triple after annexation. Using the most recent tax rates (1995 payable 1996), you could expect to see an increase of approximately 32.5 percent if you live in the Aboite Township portion of the annexation area. If you live in the Wayne Township portion of the annexation area, you could expect to see an increase of approximately 25 percent. The City of Fort Wayne's current property tax rate is \$2.9798 for every \$100 of assessed valuation, its lowest rate in 30 years. If other taxing units (such as schools) continue to raise their tax rates and the City's rate continues to stay low, the percentage increase could be even lower by the time annexation occurs.

CITY SERVICES

The following services are currently being provided to City residents. Services provided by the City of Fort Wayne to comparable parts of the City at the time of annexation will apply to those living within the annexation area upon the effective date for such services.

Police Protection

The services provided by the Police Department include the prevention of crime, the detention and apprehension of criminal offenders, assistance for those who cannot care for themselves or who are in danger of physical harm, and resolution of day-to-day conflicts among family, friends and neighbors. Serious crime in the City has been declining every year since 1991. The Police Department is also responsible for the control of traffic and the promotion and preservation of civil order. The department currently has 392 full-time officers.

The Fort Wayne Police Department strives for, and typically achieves, a response time of four to six minutes throughout the City. The Police Chief has determined that a total of twelve staff members--ten officers, one sergeant and one detective--will need to be added to the force in order to serve this area. Ten additional vehicles, eight of which will be take-home vehicles, and a paddy wagon will be added. Once an area is approved for annexation, any City police officers living in that area become eligible for take-home police cars, even though the effective date is in the future.

Fire Protection

The Wayne Township area to be annexed will continue to be served by the Southwest Fire District and these residents will continue to pay taxes to support the district. They will not pay taxes to support the Fort Wayne Fire Department. Residents in the Aboite Township area to be annexed will be served by the Fort Wayne Fire Department and will pay taxes to support the department.

The City of Fort Wayne has a full-time fire company with 238 active firefighters. The City currently has 12 fire stations, with plans to construct three additional stations. The City has an excellent fire protection rating that often helps lower insurance rates for commercial and industrial properties.

The services provided by the Fort Wayne Fire Department include fire protection and suppression, emergency hazardous materials response, emergency rescue, EMS support-first responder, fire prevention, public education and fire investigation. The Fire Department is proud that it maintains an average response time of four to six minutes for all fire emergencies.

The Fire Chief has determined that two additional fire stations will be needed in order to serve the annexation area. The Fire Department will hire 36 firefighters, nine combat officers, three district chiefs and one fire prevention inspector to serve the area. Additional equipment needed as a result of this annexation includes two class A pumper/tankers, a ladder truck and two vehicles, one for the supervisor and one for the inspector. Service to the eastern portion of the annexation area will be provided by a fire station that is scheduled to be constructed in the near future along the Getz Road corridor.

Emergency Medical Services (EMS)

Properties in the Aboite Township portion of the annexation areas will receive full, advanced life support ambulance service provided by the Three Rivers Ambulance Authority. Ambulances are stationed 24 hours a day throughout the City. For some emergencies, such as heart attacks, the Fort Wayne Fire Department will provide extra assistance. The Fire Department trains a number of personnel so that each station has an emergency medical technician. Therefore, firefighters are able to administer medical treatment before the ambulance arrives. Emergency medical services are financed through fees charged directly to the user.

Residents living in the Wayne Township area to be annexed will continue to receive medical assistance from the Southwest Fire District.

Animal Care and Control

The Fort Wayne Animal Care and Control Department will provide services such as the sheltering of stray animals, emergency response to animal complaints, canvassing for unconfined strays, trap rental, pet adoption and a humane education program.

Service needs are based upon pet population and the geographic service area. The department will hire two animal control officers and one animal care specialist to serve the annexation area. Two fully equipped vans will also be purchased.

Solid Waste Collection

The City provides garbage collection, curbside recycling and yard waste collection to all residential properties. Yard waste is generally collected weekly from April 1 to October 15 (although this was extended to November 30 in 1996) and recycled items are collected every other week. These services are currently provided through a five-year contract with National Serv-All and Browning-Ferris Industries and are paid for through a \$6.50 per month user fee per single family household. That fee is increasing to \$6.75 per month on January 1, 1997. Any building with five or more residential units, as well as any commercial or industrial business, must contract with a private hauler.

The City also provides non-freon white good (refrigerators, etc.) collection and recycling through a contract with Appliance Recycling Centers of America, Inc. (A.R.C.A.). Residents must pay a \$30 fee per appliance for the collection and recycling of all freon goods.

Streets and Sidewalks

The Fort Wayne Street Department will be responsible for the general maintenance of all public streets within the annexation area. General maintenance includes snow and ice removal, street sweeping, minor ditch maintenance, right-of-way mowing, leaf pick-up, guard rail repair and surface maintenance.

Snow removal is provided as conditions require. Emergency routes are cleared first, but City workers generally clear all major streets within 24 hours after a snowfall. Because it is virtually impossible to clear all neighborhood/local streets immediately after a snowfall, many subdivisions, through neighborhood association dues, also contract with a private snow removal company. It is the City's goal to have all City streets cleared within 48 hours after a significant snowfall. Leaf collection is also provided each fall. Residents should watch the local media for pick-up information.

Twelve additional employees, including one supervisor, will be added to the Street Department in order to provide street maintenance services to the annexation area. The department will also purchase several pieces of equipment, including nine trucks, one street sweeper, one mowing tractor and two leaf vacuums to service the area. A new Street Department storage facility will serve the annexation area, as well as other areas currently within the City.

In addition to Street Department services, the Street Engineering Department will also provide engineering services and construction supervision for all streets, alleys and sidewalks that will be constructed within the proposed annexation area.

The City does not automatically construct sidewalks in an area upon annexation. The City also does not require newly annexed areas to construct sidewalks. If residents desire

sidewalks, they must petition for them. The project cost for approved sidewalk installation or replacement will be allocated between the City and the property owners pursuant to Board of Public Works policy.

Street Lighting

It is the City's goal to light every unlit intersection on public streets in Fort Wayne to reduce night accidents, aid in police protection, facilitate traffic flow and inspire community spirit and growth. The City will install City-standard street lights at all unlit intersections within three years after the effective date of annexation. Property owners who desire mid-block and ornamental lighting or underground wiring must petition for such lighting in accordance with the Board of Public Works' petition policy, as well as pay for a portion of the total cost. The Board of Works is considering a policy where two-thirds of the property owners in a subdivision can petition to waive the installation of street lights. In instances where neighborhoods have restrictive covenants, the City will work with neighborhood leaders to meet the covenant requirements.

The Street Light Engineering Department will purchase, upgrade (if needed) and maintain all existing lights within the public right-of-way, as well as pay for operating costs. The department will also install additional lights at all unlit intersections by the end of the third year of annexation. In order to provide these services, one additional street light engineer and one street light engineering maintenance employee will be hired.

Traffic Control

The City's Traffic Engineering Department will assume the responsibility for traffic control in the annexation area. Services provided by the department include the survey and investigation of traffic conditions and problems, and installation and maintenance of traffic control devices such as stop signs and control lights.

There are four intersections within the Southwest Annexation areas that may warrant traffic signals. Two are within the Southwest (Option 1) Annexation area and two additional intersections are within the Southwest Extended (Option 2) Annexation area. These intersections are located at Aboite Center Road and Homestead Road; Covington Road and Homestead Road; West Jefferson and Homestead Road; and Liberty Mills Road and Homestead Road. After annexation, traffic studies would be conducted to determine if these intersections warrant traffic signals.

The Traffic Engineering Department will require one additional signal technician, one sign and marking specialist and one engineering technician as a result of the annexation.

Water Service

The Fort Wayne Water Utility is presently serving a portion of the Southwest Annexation area. When the area is annexed into the City, property owners who are using the City of Fort Wayne utility system will no longer have to pay the out-of-city rate.

A private utility company, Utility Center, is currently serving the remainder of the annexation area. The delivery of this service would remain the same unless the Fort Wayne Water Utility acquired this service territory. Whether, and when, such an acquisition would occur depends on a number of factors, including the timing of annexation. It also depends upon the level of support for such an acquisition by residents of the annexation area.

Sanitary Sewer Service

A substantial portion of the annexation area is being served by the Utility Center. The Indiana Utility Regulatory Commission (IURC) has issued a Certificate of Territorial Authority (CTA) to the Utility Center, giving it exclusive rights to serve the area. Therefore, the City's Sewer Utility, by law, cannot provide service within this area. However, the City Utility has the capacity to provide sanitary sewers to annexed areas that are within its service area if the property owners petition the Board of Works for the service. Residents would have to pay for this service. Each property owner would be assessed for a sewer project on a per lot basis. Property owners would be able to take advantage of the Barrett Bonding process that permits residents to make long-term, low interest payments for their sewers.

Stormwater Service

The Stormwater Utility provides emergency and routine maintenance for all sewer-quality public storm drains not under the jurisdiction of the Allen County Drainage Board or the Indiana Department of Transportation. The Stormwater Utility also provides maintenance for all medium-sized roadside ditches that fall under the jurisdiction of the Street Department. The transfer of the jurisdiction of County-regulated drains currently within the City limits to the Stormwater Utility is being discussed. If this transfer happens, the Stormwater Utility would be responsible for the maintenance of such drains.

In order to provide emergency and routine maintenance services, all residential properties will be assessed a monthly Stormwater fee that is currently \$1.80 per household. Non-residential properties, which include multi-residential properties with more than four units per building, will be assessed a monthly fee of \$1.80 for every 2,500 square feet of impervious surface (such as pavement and rooftops). Property owners may petition the Board of Stormwater Management for capital improvements to the storm drainage system within their neighborhood.

Parks and Recreation

Residents of the proposed annexation areas will have full access to all City park facilities, such as swimming pools, baseball diamonds, picnic facilities, golf courses and indoor and outdoor skating facilities. Buckner Farm, 144 acres of land north of Bass Road and adjacent to I-69, will be developed specifically to serve western and southwestern areas of the City. Development will include nature areas, ponds and picnicking facilities.

Other recreational activities, including day camp, athletic leagues, youth sports, senior citizen activities, special events, cultural arts and instructional programs, are offered to all City residents. Most of these services are offered for a fee, with non-City residents paying a

higher fee. With the FAIR SHARE concept, non-city residents pay an additional 20 percent above the price for City residents. Once annexed, those living within the annexation areas will pay the City resident fee.

In addition to park and recreation services, the Parks Department will do a street tree survey to determine how many trees would be needed along curbs and sidewalks. Community Development Block Grant money, County Economic Development Income Tax or bond issue funds would be used to fund the cost of this project.

Neighborhood Code Enforcement

The Neighborhood Code Enforcement Department will provide enforcement of the Minimum Housing Code, the Abandoned Vehicle Program, Weed Program, Paint Program and Zoning Ordinance within the annexation area.

Neighborhood Services

The City of Fort Wayne employs a full-time Director of Neighborhoods to assist neighborhood associations. The City's Community-Oriented Government philosophy puts decision-making power in the hands of neighborhood leaders. Neighborhood leaders join together in one of four Area Partnerships, one for each geographical quadrant of the City. The Area Partnerships work closely with City staff to identify important issues and find solutions to neighborhood problems.

SUMMARY

Annexation ultimately benefits the entire community. It allows us to better respond to challenges and opportunities. As the federal government turns over more responsibilities to the states and localities, we all need to work together to handle these responsibilities. Without past annexations, the City of Fort Wayne--and the entire Allen County community--would be much weaker today. This annexation will help ensure a stronger community in the future.

REMONSTRANCE

The undersigned, being a majority of, or the authorized agents of a majority of, the owners of real estate apparently within the territory sought to be described by City of Fort Wayne Annexation Ordinance X-03-96 and/or being the owners of, or the authorized agents of the owners of, more than 75% in assessed valuation of such territory, do hereby Appeal and Remonstrate against the annexation for all of the reasons more particularly described in the Complaint to which this Remonstrance is attached. This Remonstrance should be read as a complement to, or as a part of, all other remonstrances to the same Ordinance regardless of whether such other remonstrances may be filed simultaneously or separately.
